TASK SIDEWINDER® VENOM

LIGHT DUTY TASK SUPPORT VEHICLE

3.2m Platform Height.

270kg Unit Capacity.

Flashing Safety Light and Alarm.

Safe & Secure Operator Compartment.

No License Required.

SIDEWINDER VENOM.

The TASK® Sidewinder® Venom is an exciting new model designed and engineered by TASK Forklifts for 2023.

The Venom has been upgraded to include improved proportional controls, larger and additional loading trays, shorter headlegth dimension and optional USB ports for charging handheld devices such as tablets, mobiles and barcode guns.

No need for dangerous ladders, steps and stools. No need for a forklift with work cage and two members of staff. The Sidewinder Venom utilises a "I" beam three stage forklift mast, to offer exceptional stability.

The electric power steering allows operators to maneuverer the Sidewinder® Venom in even tighter spaces, and the functional, dual-hand operating system provides full control of the unit. This unit is perfect for small volume order picking and restocking.

TECHNOLOGY

Super-Fast Charging Times.

Max. Power Capacity.

Zero Maintenance.

Longer Run Times.

Long-Life Cycle.

Partial Charge, Anytime.

TASK x NEXSYS[®] TECHNOLOGY.

- Batteries can be charged at any time, for any length of time - Allowing for opportunity charging in quiet periods.
- No more operator error! No more topping up water levels, no more cleaning acid from the terminals. Simply charge, and go.
- TASK[®] x NEXSYS[®] batteries are unaffected by partial charges, allowing operators to charge anytime without destroying the battery.
- TASK x NEXSYS[®] batteries typically last 5-7 years longer than traditional lead acid batteries. Reducing your energy OPEXs.
