# + TASKCONDA<sup>®</sup>

## STRADDLE STACKER

1500kg  
Capacity.

Up to 4.5m  
Lift Height.

Power  
Steering.

No License  
Required.

Integrated  
Tilting Carriage.

Integrated  
Side-shift.

### COMPACT & EASY TO USE.

The CONDA<sup>®</sup> pedestrian stacker is designed for indoor use and perfect for a wide variety of applications such as workshops, warehouses and storage centers.

Operators find the CONDA<sup>®</sup> pedestrian stacker a compact, simple and easy to use. The electronic power steering allows users to work in very narrow aisle spacings; and the optional three stage "full free lift" mast is an ideal solution for users working within tight height restrictions.

The unit comes as standard with a tilting carriage and side-shift allowing operators to maneuver pallets and materials safer, and more efficiently.

### CURTIS<sup>®</sup> CONTROLLED.

The Curtis<sup>®</sup> Programmable Control System with Multi-mode allows infinite control of all machine functions.

Authorised TASK<sup>®</sup> support technicians are able adjust and optimise settings to meet environmental requirements or different operator skill levels.
